

JON CARMICHAEL

AV REQUIREMENTS

MICROPHONE

A lavalier microphone (with backup batteries) is required because Jon walks around during his presentation.

COMPUTER

No podium is required. Please provide instructions on how you prefer slides to be delivered to the AV team, and the preferred program (such as Powerpoint or Keynote). Please provide a remote to transition slides.

SOUND

Sound and video are embedded into most presentations and will need to be played over the house sound system. Sound hook-up is via the computer's headphone jack.
